Black Hat returns to the fabulous Caesar’s Palace Hotel in historic Paris Las Vegas. Leave your business attire at home. Dress in causal, providing a great learning environment for all delegates.

What’s on offer this year:
- Wireless and ISD 1.1 tracks during the Black Hat Briefings.
- On-site access to our optional hands-on technical workshops, the top security products and services, and compliance with the latest guidelines and trusted security solutions.
- A Q&A of Security Assessment Case Studies for Implementing the NAJA Model for Critical Infrastructure Security and Risk Management.
- Black Hat Briefings, our official keynote, will be live and streamed with the opportunity to join in via your computer.
- An additional track to make this the largest Black Hat event ever.
- Free workshops to DEFCON for those not attending Black Hat.
